

Design and Application of Air Curtain Systems

A 1hr virtual CPD seminar for specifiers, designers or installers

The UK's Leading Air Curtain Specialist

Air Curtains CPD Seminar

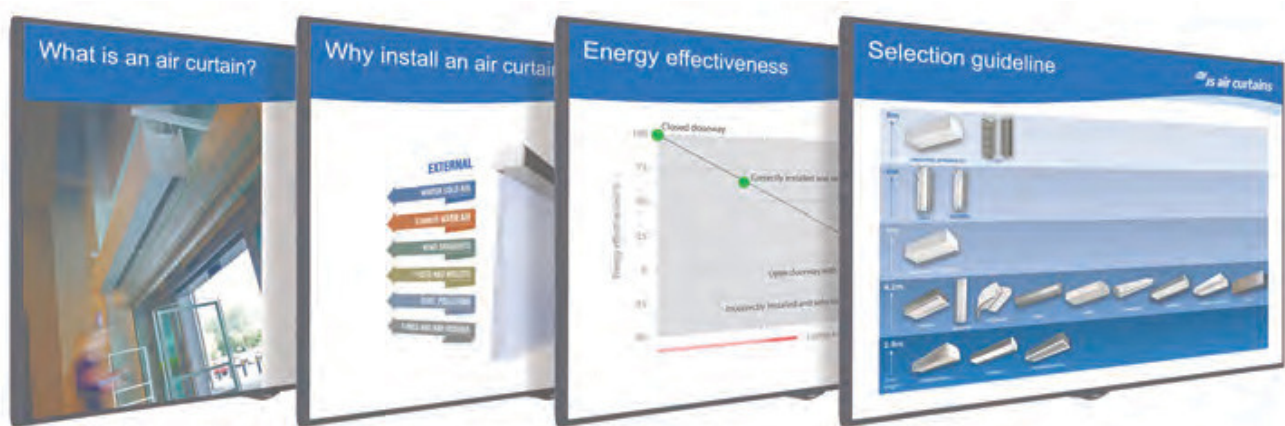

This one-hour CPD (Continuing Professional Development) seminar will provide attendees with:

- **What an air curtain does** – effects and benefits
- **Types of air curtains** – overview of the technology available
- **Selection considerations** – design, sizing, control strategies.

Seminars are free of charge and are typically presented virtually on a mutually agreed date. In-person CPDs are available on request.

Certificates are emailed to all attendees after the event for obtaining CIBSE CPD points.

Here's what some of our delegates say:

“Really good, informative presentation. ”

**Troup Bywaters + Anders,
Leeds**

“The CPD was good and informative. ”

**Mott MacDonald,
Cambridge**

“Very good presenter who had extensive knowledge in the field he was presenting. ”

Waterman Group, Reading

“Well presented and very informative. Very much time well spent. ”

Imtech, Cambridge

“Everything explained very clearly and gave a very good overview of the system's features and principal aspects to consider for the design. ”

Arup, London

“Very informative within an ideal space of time. ”

Hartle Ltd, Redditch
